Article 11. Contractor's Responsibility for Specifications

Any measurements, calculations or estimates included herein are believed to be correct, but each bidder should conduct a thorough examination of the project himself, since no allowance will be made because of any inaccuracy that inadvertently appears within the context of the Bid Documents. The failure of any bidder to acquaint himself with conditions as they actually exist shall not relieve him from any obligations and responsibilities inherent within Bid Documents.

Article 18. Modifications

Any variance from the terms and conditions of this Agreement or any order or other written notification given by either Party to the other that is not duly authorized shall have no force or effect.

Article 19. Compliance with Laws, By-Laws and Regulations

The Contractor shall keep fully informed and shall comply with the provisions of applicable federal, state, and municipal laws, rules, and regulations that in any manner regulate the Contractor's performance of this Contract and those engaged or employed with the services herein described, other than any such laws, rules and regulations that relate to Water District's own operations. The Contractor shall indemnify, protect, defend, and save harmless the Water District and its officers, agents and employees harmless from all fines, penalties, and liabilities imposed upon the Water District under any such laws, rules, and regulations by any public agency, authority or court having jurisdiction over the parties hereto when the imposition of same is attributable to the failure of the Contractor to keep fully informed and to comply with its obligations in this regard, provided that if any public agency, authority or court seeks to impose such fine, penalty or liability on the Water District, the Water District shall

promptly notify the Contractor and allow the Contractor, in consultation with the Water District, to object to and defend such imposition.

Article 20. Permits and Licenses

The Contractor shall secure at his own expense all permits and licenses, pay all necessary charges and provide all notices that are due in connection with the lawful prosecution of the work.

Article 21. Liens

The final payment on any project may be deferred until the Contractor has delivered to the Owner a complete release from all liens arising out of the applicable contract, or receipts covering all labors and materials for which liens could be filed, or a bond that satisfactorily indemnifies the Owner against all possible liens.

Article 22. Payment Schedule

Bills in triplicate for the amount of Materials and Supplies furnished by the successful bidder under the contract to be entered into should be submitted before the first day of the month in which payment is to be made to insure payment on the twentieth day of the month, except that where the time conditioned in the bid for the allowance of discount differs from the above successful bidder agrees to submit bill to the Purchasing Agent in sufficient time for such discount to be taken advantage of by the Water District which, in any event, shall not be less than ten days from the submission to the Purchasing Agent of such bills.

Article 23. Assignment

Neither the Contract nor any interest herein shall be assigned, pledged or otherwise transferred by the Contractor without the written consent of the Water District, except in the case of a transfer of all or substantially all of the Contractor's assets provided that all obligations of this Contract are assumed by the controlling entity. If the Contractor makes any such assignment, pledge or other transfer without the written consent of the Water District, the Contract shall be voidable at the election of the Water District. The Water District's consent to any such assignment, pledge or other transfer may impose such additional conditions thereon as may be deemed necessary to ensure the performance of the terms of the Contract by the assignee. Moreover, unless otherwise agreed to in writing by the Water District, any transfer by the Contractor shall not release the Contractor of its liability under the Contract.

Article 24. No Waiver

None of the provisions of this Agreement, unless otherwise specified, shall be considered waived by either party hereto unless such waiver is in writing and signed by both parties. No such waiver shall be construed as a modification of any of the provisions of this Agreement or as a waiver of any past or future default or breach hereof, except as expressly stated in such waiver.

Article 25. Limitation Of Liability

Notwithstanding anything herein to the contrary, the Contractor's maximum aggregate liability for any loss or damages (other than death or personal injury) incurred by the Water District as a result of or in consequence of the acts or omissions of the Contractor, its employees, subcontractors or agents in the performance of services covered by this Agreement shall not exceed one hundred percent (100%) of the Contract value plus any adjusted value per executed change order; provided, however, that if the Contractor's applicable insurance coverage is greater than this amount, the limit of liability for the Contract shall be the total insurance coverage.

IT IS AGREED AND UNDERSTOOD THAT THE WATER DISTRICT SHALL BE ENTITLED TO RECOVER DIRECT DAMAGES INCLUDING "BENEFIT-OF-THE-

BARGAIN" EXPECTATION DAMAGES AND DAMAGES FOR BREACH OF WARRANTY SUBJECT TO THE LIMITATION OF LIABILITY, AND THAT IN NO EVENT SHALL CONTRACTOR BE LIABLE FOR ANY LOSS OF PROFITS, LOSS OF REVENUES OR LOSS OR FAILURE TO REALIZE ANTICIPATED SAVINGS OR EFFICIENCIES ARISING IN CONNECTION WITH THIS AGREEMENT.

Article 26. Indemnification of the Water District

The Contractor agrees to indemnify, save harmless, and defend the Water District and all of its officers, agents, and employees from and against any and all third party suits, claims, or proceedings ("Claims"), and any losses, damages, charges or expenses, whether direct or indirect, and liability of every name and nature related to such Claims ("Liabilities") for or due to any loss or injury to persons or damages to real or tangible property to the extent caused by the Contractor or its employees, subcontractors or agents.

Article 27. Termination Of Contract

Default Termination.

The Water District may, without prejudice to or waiver of any other right or remedy available to it, terminate or suspend this Agreement, in whole or in part, either immediately upon receipt of such notice by the Contractor or upon written notice to the Contractor seven (7) days prior to the effective date of such termination or suspension for an "Event of Default" as defined hereunder.

Termination for Convenience.

The Water District may, in its sole discretion, terminate all or any portion of this Agreement or the work required hereunder, at any time for its convenience and/or for any reason by giving written notice to the Contractor thirty (30) calendar days prior to the effective date of termination or such other period as is mutually agreed upon in advance by the parties. If the Contractor is not in default or in breach of any material term or condition of this Agreement, the Contractor shall be paid its reasonable, proper and verifiable amount. Such payment shall be the Contractor's sole and exclusive remedy for any Termination for Convenience, and upon such payment by the Water District to the Contractor, the Water District shall have no further obligation to the Contractor. The Water District shall not be responsible for the Contractor's anticipatory profits or overhead costs attributable to unperformed work.

Article 28. Force Majeure

Neither party hereto shall be in default in the performance of its obligations to the extent that the performance of any such obligation is prevented or delayed by a Force Majeure Event. Should Contractor's services be delayed by a Force Majeure Event, the Agreement and Contractor's schedule for completion of tasks affected by such delay shall be extended. "Force Majeure" or a "Force Majeure Event" is an event beyond the control of a party and not due to the act or omission of such party, which materially and adversely affects the party's ability to meet its obligations under the Agreement and which event or the effects of the event would not have been anticipated and avoided by a prudent party acting commercially reasonably. Force Majeure Events may include, but are not limited to, Acts of God; acts or failures to act of government agencies and delays related to the Water District in either their contractual, sovereign or regulatory capacities; fires, floods, earthquakes, epidemics quarantines, strikes, wars, riots, terrorism, interruptions of energy supply or civil disturbances. Within thirty (30) calendar days after the last day of delay, the Contractor shall furnish the Water District with detailed information concerning the circumstances of the delay, the number of days actually delayed, the appropriate Agreement references, and the measures taken to prevent or minimize the delay. Upon review of the detailed information concerning the delay, the Water District shall assess the impact the delay may have on price and schedule of the work and modify the Contract as needed.

Article 29. Mutual General Representation and Warranties

Corporate Power. Each party represents (a) that it is duly incorporated, validly existing and in good standing under the laws of the state of its incorporation and (b) that it has full corporate power to own, lease, and operate its properties and assets, to conduct its business as such business is currently being conducted, and to consummate the transactions contemplated by this Agreement.

Authority. Each party represents that this Agreement has been duly authorized, executed and delivered and constitutes a valid and binding Agreement, enforceable against such party in accordance with this Agreement's terms, subject to the effect of bankruptcy, insolvency, moratorium and other laws now or hereafter in effect relating to and affecting the rights of creditors generally and to equitable principles of general application.

No Breaches. Each party represents that neither the execution nor delivery of this Agreement, nor the consummation of any of the transactions contemplated herein, will result in the breach of any term or provision of, or constitute a default under, any charter provision or bylaw, or material agreement (subject to any applicable required consent), order, law, rule or regulation to which it is a party or which is otherwise applicable to it.

Article 30. Conflict of Interest

Massachusetts Conflict of Interest Law, G.L. c. 268A, governs the conduct of all public officials and employees, including all dealings with potential contractors. Therefore, it is the responsibility of the Contractor to ensure compliance with the Commonwealth's Conflict of Interest Laws and avoid any conduct which might result in or give the appearance of creating for Board members, officers or employees of the Water District in their relationship with the Contractor any conflicts of interest or favoritism and/or the appearance thereof or any conduct which might result in a Board member, officer or employee failing to comply with G.L., c. 268A. Non-compliance with these Conflict of Interest terms shall constitute a material breach of this Contract.

For purposes of this solicitation, it is understood and agreed that no gift, loan or other thing has been or will be given to any employee, agent or officer of the Water District by the Bidder, Bidder's employees, subcontractors, or agents in connection with the award or performance of this Contract. It is further understood and agreed that no Board member, officer, or employee of the Water District; no officer or employee of any independent authority or political subdivision of the Commonwealth of Massachusetts, no officer, employee, or elected official of the Commonwealth of Massachusetts, executive or legislative of the Water District; and no member or delegate to the Congress of the United States, during his/her tenure shall have any financial interest, direct or indirect, in this Contract or the proceeds thereof.

If, during the performance of this Contract and any extension thereof, the Contractor becomes aware of any relationship, financial interest, or other activity in which it or an affiliated person or company is involved which is not in compliance with these provisions, the Contractor shall promptly notify the District Manager in writing and fully disclose all circumstances thereof. The Water District reserves the right to grant an exception to the requirements of this Section, if so allowed by law, and notify the Contractor thereof. If the Water District does not grant an exception, the Contractor shall, within ten (10) days of written notice from the Water District, take all action necessary to comply with the terms stated herein.

The Bidder shall certify compliance with these terms and the Massachusetts Conflict of Interest Laws (**certification attached – form A**).

Article 31. Collusion

The Bidder shall sign an affidavit stating that Bidder understands that any bid submitted to the Water District is made without collusion with any other Bidder submitting a bid on the same commodity/service, and is in all respects fair and without fraud (**certification attached – form C**).

Article 32. Award or Rejection of Bids

The contract will be awarded to the lowest responsible and responsive bidder complying with the provision of the invitation provided the bid price is reasonable and it is to the interest of the District to accept it. The District Manager reserves the right to reject any or all bids and to waive any informality in bids received whenever such rejection or waiver is in the interest of the Water District. The District Manager also reserves the right to reject the bid of bidder who has previously failed to perform properly or complete on time contracts of similar nature or a bid of a bidder who investigation shows is not in a position to perform the contract.

In determining responsibility the following qualifications, in addition to price will be considered by the District Manager.

- (h) Whether the bidder is in arrears to the Water District in debt on contract or is a defaulter on surety to the Water District or whether the bidder's water bills and/or other charges are delinquent.
- (i) The resale value of the subject of the contract.
- (j) Such other information as may be secured by the District Manager having a bearing on the decision to make the award.

In determining a bidder's responsiveness, the District Manager shall consider material deviations from the advertised specifications which materially affect price, quantity, quality or limit the bidder's liability.
